Had Forgotten His Own Work.

Edmund Burke once showed a painting to Sir Joshua Reynolds, whose opinion he invited. Sir Joshua looked long and attentively at it. "Well," he said, "I really don't know what to say. It's a cleverish thing, but whether there's sufficient promise in it to justify my advising the young man to adopt art as a calling I really cannot say." It was Reynolds' own work done many years before.

Shock

Of Lightning Left me Paralytic.

Became a Weak, Nervous Wreck.

Dr. Miles' Nervine Made a New Man of me

"A severe shock from lightning, left me almost a paralytic. I would have pricking sensations running from the top of my head down the full length of my body. This gradually wore away and left me a nervous wreck, unable to sleep at night. In fact I got no real rest at night until I had purchased three bottles of Dr. Miles' Restorative Nervine. The first few doses taken strictly in accordance with directions, convinced me there was merit in it. I went for a thorough cure and got it. I had employed physicians but got no particular benefit from them. I have taken in all nine bottles of Dr. Miles' Restorative Nervine and I am a new man of me. I am healthy and strong now, weigh 175 pounds. I also got one bottle of Dr. Miles' Heart Cure and one bottle of Dr. Miles' Blood Purifier this spring, and they are doing the work also. I have recommended these remedies to many friends and know they have always been satisfactory from the reports made to me."

—George D. Hubbard, Clark, S. D.

"I have used Dr. Miles' Heart Cure, Nervine and Serrae and Liver Pills and Anti-Pain Pills. I do not know of anything that will stop headache quicker than the Anti-Pain Pills nor do I believe there is so good a liver pill on the market as those of Dr. Miles. I took the Nervine for general debility and derived much benefit therefrom. I consider Dr. Miles' pills as the best household remedies."

—Charles C. Cox, Keokuk, Neb.

All druggists will sell these pills first box 25c, second box 50c, third box 75c, fourth box \$1.00. Address Dr. Miles Medical Co., Elkhart, Ind.

STOCKS TENDED TO LOWER BASIS

SCARE OVER DAMAGE TO CROPS AND MONEY OUTLOOK THE CAUSE—CONFIDENCE, HOWEVER, PREVAILS THAT NO STRINGENCY WILL OCCUR.

By the Associated Press.

New York, Sept. 12.—A decisive impression was made on the prices of stocks today, for the first time in many days, but increasing the burden of sales to take profits, prompted by misgivings over crop and money outlooks. Yet the dominant impression created by the action of the early market was its continued evidence of underlying strength and its great absorptive power.

A number of shares which changed hands had run up to three-quarters of a million in the two hours to noon and in that time the market had made sturdy rallies against inroads upon prices and had put forth sustaining points of strength in special stocks in a way which had become familiar during the long advance.

As the day wore on these sustaining points became fewer and also less effective. Consideration of the government crop report, coupled with weather news from the grain belt, decided the course of prices downward.

Estimates of the wheat crop based on the government's per centage of condition leave little margin for surplus to export, so that the high price will not represent a benefit in increase of export value.

The threatened shortage of wheat has also failed to stimulate any foreign demand for our corn up to this time.

The value of exports of breadstuffs for August falls to \$5,336,421, compared with \$13,025,713 in August last year.

Reports of frost last night also gave grain markets a fright and though reassuring advices were received from the corn belt, fears are felt for sudden damage to that crop, and uncertainty over it tends to keep business dull in the west.

With a two week's loan expansion of \$31,429,000 and a cash withdrawal of \$15,155,500 an inroad upon the surplus for that time of \$18,273,500 has resulted and loan rates are hardening in consequence.

Great confidence is expressed that full requirements will be met without causing a stringency at New York. But the present course of the money market was an influence on today's reaction in stocks.

The market closed active and weak with net losses running 1 to 2 points and upwards in some important cases.
